Course Number: TOT22D

Course Title: Total Design and ADA in Restrooms

Provider: Ron Blank & Associates, Inc. | www.ronblank.com | 800-248-6364

Subjects Covered in Course: (Learning Objectives)

1. Identify how restrooms in your buildings really impact occupants and your legacy as a designer.
2. Review 2010 ADA Standards for Accessible Design for restrooms and their implementation.
3. Distinguish between minimal accessible design and universal design.
4. Define the characteristics of Total Design as they apply to the restroom setting.
5. Discuss the WELL certification program and how to meet criteria for WELL credits for healthier restrooms.

About the Author/Presenter:

Tara Blank | Elixir Environmental

Tara Blank has a doctorate in biology with an emphasis in environmental toxicology. She has worked closely with architects, sustainable design professionals, scientists, and environmental advocates on various projects. Tara currently serves as Chair of the Content Inventory Technical Sub-Group, and as an active member of the Third-Party Verification Technical Sub-Group for the Health Product Declaration Collaborative. With her exceptional attention to detail and years of experience managing large volumes of data, you can trust that Tara will work closely with your company to product the highest quality HPDs for your building products.
